Design System

Brand color				
Text strong	Text Weak	Stroke Strong	Stroke weak	Fill

Spacing

12 pt 24pt 32pt

Typeface **Inter** **Size**

Heading 1	24px	1.2
Heading 2	16px	1.5
Heading 3	12px	1.2

Design Guideline

- **constant Branding:**
  - Color Palette: use one brand color
  - Topography: use one topography
- **Layout and structure**
  - Grid System (12 column)
- **Responsive Design**
  - design for multiple screens
- **content Organization**
  - use line height 1.5
  - place related elements together
- **Accessibility**
  - contrast Ratio
    - ensure WCAC
      APCA
- **Text**
  - Align horizontal text to baseline
  - make sure text is left align

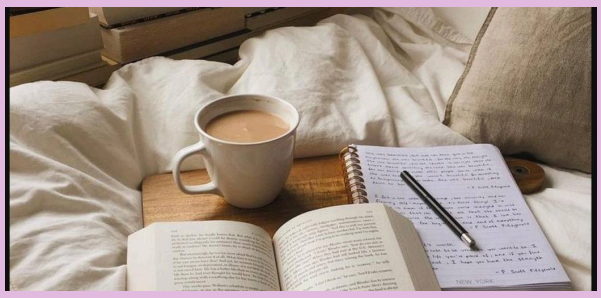
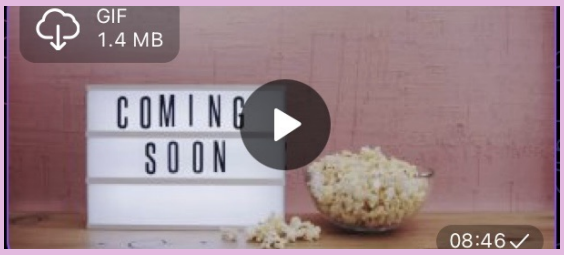
Hobby

Reading interesting Books, mostly historic books



I like listening slow music

I also like watching Movies.



Interests

I am particularly interested in front- end development,where I can create engaging user interfaces using HTML, CSS, and JavaScript.

1.Front-end development
2.JavaScript frameworks:
3,User experience (UX) design:

Education

I am currently pursuing a degree in Software engineering at Addis Ababa Universty AAiT campus, where I am gaining a solid foundation in both front-end and back-end technologies. Additionally, I have completed several hands-on projects that allow me to apply my knowledge in real-world scenarios. I am committed to continuous learning and am actively seeking opportunities to enhance my skills through workshops and online courses.

Cv

Hayat Ahmedjara

I am a dedicated web development student with a growing portfolio of projects that showcase my skills in both front-end and back-end development I am eager to apply my knowledge in real-world settings and continuously seek opportunities for professional growth through internships and collaborative projects.With a strong foundation in coding and problem-solving, I am eager to apply my knowledge in real-world settings and contribute to meaningful projects. I thrive in collaborative environments, continually seeking opportunities to learn, grow, and refine my skills. My technical expertise, combined with a strong work ethic, allows me to quickly adapt to new technologies and methodologies. I am actively pursuing internships and collaborative projects to further develop my abilities and make a positive impact in the tech industry.

Project

1, Calculator
2,TO-DO list app website Clock
3,Text to Peach Converter App

Skill

. Python programming language
Java programming Language
Building a user-friendly and responsive web pages
Able to manage and work with data base
